Artistic Statement

I feel that I am only at the midpoint of my artistic journey. I am still learning the mechanics of painting and more importantly how to express my feelings through paint. I really appreciate how art can give an immediate reaction to the viewer and that is what I strive for in my art.

About The Artist

Tina is a mostly self-taught artist and has attended a number of workshops in an effort to learn more about the craft. She is an import; Tina was born in Vancouver, but made in Austria. Tina's Austrian parents instilled in her an appreciation of the arts and her visits to family in Europe allow her to learn more about art history with each visit. Tina lives with her husband, Mark Mentions, and their 11 year old daughter, Emma near Deep Cove in North Vancouver. Tina enjoys traveling almost as much as creating new artwork and takes far too many photos of her travels according to her family.
